

Charlevoix Public Schools Annual Report

August 2011

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2010-2011 educational progress for the Charlevoix Public Schools. The AER addresses the complex reporting information required by federal and some requirements of state laws; however, our staff is available to help you understand this information. Please contact me at 231-547-8101 for help if you need assistance.

The AER is available for you to review electronically by visiting the following web site: www.rayder.net or you may review a copy in the principal's office at your child's school or at the Superintendent's Office.

The report contains the following information:

Student Assessment Data– Michigan Educational Assessment Program (MEAP), Michigan Merit Exam (MME), and Michigan's Alternative Assessment Program (MI-Access)

- Presents achievement data for English language arts and mathematics for grades 3 to 8 (MEAP), for grade 11 (MME) and science for grades 5 and 8 compared to targets for all students as well as subgroups of students
- Provides achievement data for English language arts, mathematics and science for students with significant disabilities (MI-Access) compared to targets for all students with disabilities as well as subgroups of students
- Helps readers understand achievement progress within schools and compare these to district and state achievement

Adequate Yearly Progress (AYP) – Detail Data and Status

Provides information from assessments, graduation and attendance rates and AYP status in relation to four criteria:

- The district must test 95% of students in total and in each required subgroup
- The district must attain achievement goals in English language arts and mathematics or reduce the percentage of students in the non-proficient category of achievement significantly ("safe harbor") annually
- The district must attain achievement goals for each subgroup that has at least 30 students in the group
- The district must meet or exceed the other academic indicators set by the state: graduation rate for high schools and attendance rate for elementary and middle schools

Teacher Quality Data

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8
- Cannot be compared with MEAP results for grades 4 and 8 because there are no national standards.

For 2010-2011, the Charlevoix Public Schools made Adequate Yearly Progress (AYP) in English language arts and mathematics. All schools in the district also made AYP. None of our schools were identified for school improvement, corrective action or restructuring.

This is my 5th year as Superintendent in Charlevoix and I'm convinced that this community strongly supports education and that everyone has a vested interest in what takes place academically in our school system. Charlevoix parents have a long history of taking great interest in making sure their children utilize the many educational opportunities to reach their goals. I also know for a fact that the three principals and all of the teachers and staff are constantly upgrading their skills and reviewing educational strategies to meet the educational needs of all of our students. The professional research clearly states that the classroom teacher is the most important factor in the learning of a child.

Please feel comfortable contacting me directly at cjanik@rayder.net or 547-8101 if you have any questions or comments about the Charlevoix Public Schools.

Sincerely,

Chet Janik
Superintendent
